

My wild barn owl pellet!

Dissected by

Pellet colour-.....

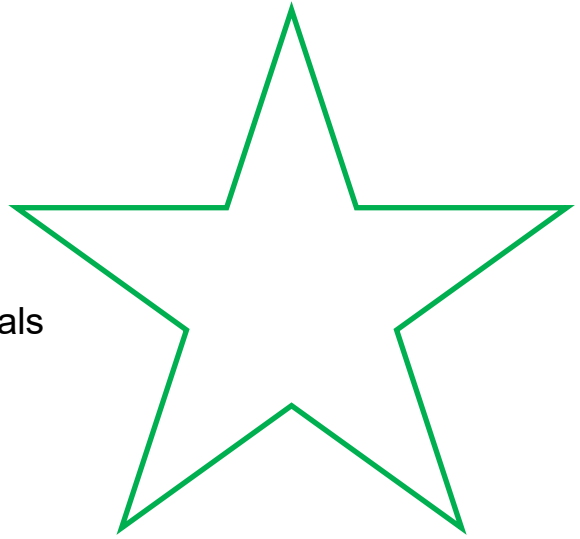

I found fur/feathers in my pellet (circle)

There were skulls in my pellet

I think my barn owl ate different animals

I think my owl ate.....

.....

Here are the skull/jaw bones I found (Put your favourite bone in the star)

Here are the other bones I found.

(Label the bones if you know what body part they are, eg. Leg bone)
